NOMINATION AND REMUNERATION POLICY

INTRODUCTION:

In pursuance of the Company's policy to consider human resources as its invaluable assets, to pay equitable remuneration to all Directors, key managerial personnel and employees of the company, to harmonize the aspirations of human resources consistent with the goals of the company and in terms of the provisions of the Companies Act, 2013 and the Listing Agreement with the stock exchanges (As amended from time to time), this policy on nomination and remuneration of Directors, Key Managerial Personnel (KMP) and Senior Management has been formulated by the Nomination and Remuneration Committee ("NRC") and approved by the Board of Directors of the Company.

CONSTITUTION OF COMMITTEE:

The Board of Directors of the Company (the Board) constituted the committee to be known as the Nomination and Remuneration Committee consisting of three non-executive directors out of which not less than one-half are independent directors. The Chairman of the Committee is an Independent Director. However, the chairperson of the company (whether executive or non- executive) may be appointed as a member of the Nomination and Remuneration Committee but shall not chair such Committee.

OBJECTIVE:

The Nomination and Remuneration Committee and this Policy shall be in compliance with Section 178 of the Companies Act, 2013 read along with the applicable rules thereto and Clause 49 under the Listing Agreement and Guidelines of Reserve Bank of India. The objective of this policy is to lay down a framework in relation to remuneration of directors, KMP, senior management personnel and other employees. The Key Objectives of the Committee would be:

- 1.1. To guide the Board in relation to appointment and removal of Directors, Key Managerial Personnel and Senior Management.
- 1.2. Formulate the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy relating to the remuneration of Directors, key managerial personnel and other employees.
- 1.3. Formulation of criteria for evaluation of Independent Director and the Board.
- 1.4. To evaluate the performance of the members of the Board and provide necessary report to the Board for further evaluation of the Board.
- 1.5. To recommend to the Board on Remuneration payable to the Directors, Key Managerial Personnel and Senior Management.
- 1.6. To provide to Key Managerial Personnel and Senior Management reward linked directly to their effort, performance, dedication and achievement relating to the Company's operations.

PRATIKSHA CHEMICALS LIMITED

.....ANNUAL REPORT 2019-20

1.7. To retain, motivate and promote talent and to ensure long term sustainability of talented managerial persons and create competitive advantage.

1.8. To develop a succession plan for the Board and to regularly review the plan.

1.9. To assist the Board in fulfilling responsibilities. 1.10 To Implement and monitor policies and processes regarding principles of corporate governance.

APPLICABILITY:

- a) Directors (Executive and Non Executive)
- b) Key Managerial Personnel
- c) Senior Management Personnel

DEFINITION:

.....ANNUAL REPORT 2019-20

MANAGEMENT DISCUSSION AND ANALYSIS

1. OVERALL REVIEW ON INDUSTRY STRUCTURE & DEVELOPMENTS:

The Company represents small, medium, and large color pigments manufacturers throughout India, accounting for the bulk of the production of color pigments in India. The Company supplies superior quality pigment green 7 all over India.

• INFRASTRUCTURE:

Our factory is strategically located in Village Iyava-vasna, Tal: Sanand, Dist Ahmedabad. Where all the raw materials are easily available.. Our pigment testing and R&D laboratories are also located in the factory premises.

• RESEARCH & DEVELOPMENTS:

The manufacturing units has a well equipped laboratory assisted by a team of chemists and researchers for consistent Research and Development and support the Quality Control System which keeps an eye on the production process to yield the best from these production units.

The overall performance during the financial year 2019-20 has been satisfactory. However, the business operation of the Company has been slightly affected due to worldwide COVID-19 pandemic in the last quarter. However, there is no major impact on the financials of the Company due to COVID -19.

2. OPPORTUNITY & THREATS:

Color pigments are widely used in product compositions of all kinds, including paints, inks, plastics, glass, synthetic fibers, ceramics, colored cement products, textiles, cosmetics, and artists' colors which is itself a strength for the company.

Proximity to two of the largest shipping ports in the country and government approved pigment testing laboratories are some of the added advantage

Competition in the chemical industry can be treated as a threat to the company. The Company needs to lower the cost of manufacturing to cope up with the increasing competition and to earn optimum profit and growth of the Company.

The Company does not foresee any material impact of COVID -19 on liquidity and assumption of going concern. Till the time business operations at customers' end get fully functional and supplies chain with vendors totally restored, business operations of the Company will remain at sub-optimal level.

COVID -19 Pandemic is also an another threat to entire economy during the current scenario . However, The Company does not foresee any material impact on liquidity and assumption of going concern. Till the time business operations at customers' end get fully functional and supplies chain with vendors totally restored, business operations of the Company will remain at sub-optimal level.

PRATIKSHA CHEMICALS LIMITED

.....ANNUAL REPORT 2019-20

3. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE:

On the basis of the principles for determination of segments given in Indian Accounting Standard 108 "Operating Segments" and in the opinion of management, the Company is primarily engaged in the business of manufacturing of Pigment Green -7. Accordingly segment wise disclosure of performance is not applicable to the Company.

4. BUSINESS OUTLOOK:

Colour Index Name	Pigment Green 7
Colour Index	74260
CAS Number	1328-53-6
Chemical Family	Polychlorinated Phthalocyanine
Synonyms	Phthalocyanine Green, Phtalo Green, Copper Phthalocyanine Green
Chemical Formula	C ₃₂ H ₂ N ₈ Cu Cl ₁₄ The number of chlorine atoms per molecule may vary from 14 to 16
Molecular Weight	1058 - 1127

The Company has achieved higher turnover as compare to the previous financial year and it further expects growth of the company in future. The constant efforts of the Company and Research and Developments will lead the Company to the higher level. However, The Company will continue to monitor the future market conditions and update its assessment due to prevailing COVID -19 impact on entire economy.

5. RISK & CONCERN:

The building, plant and machinery, vehicle and stocks of the company are adequately insured.

6. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

Considering the size of the company, your company has adequate system of internal control to provide reasonable assurance that assets are safeguarded and protected from unauthorized use or deposition.

7. FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

Total turnover for the year ended 31st March, 2020 was Rs. 1607.23 lakhs. This performance of the Company was mainly on account of improvement in manufacturing techniques and sales promotion drive. Better working capital management was also one of the emphasis on which proper weightage was laid upon.

8. HUMAN RESOURCE DEVELOPMENT:

Your Company treats its "Human Resources" as one of its most significant assets. The Company continues its focus on retention through employee engagement initiatives and provides a holistic environment where employees get opportunities to realize their potential. A number of programs that provide focused people attention are currently underway. Your Company thrust is on the promotion of talent internally through job rotation and job

Auditor's Report on Quarterly Financial Results and Year to Date Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

TO THE BOARD OF DIRECTORS OF PRATIKSHA CHEMICALS LIMITED

We have audited the quarterly financial results of PRATIKSHA CHEMICALS LIMITED for the quarter ended 31st March, 2020 and the year to date results for the period 1st April, 2019 to 31st March, 2020, attached herewith, being submitted by the company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. These quarterly financial results as well as the year to date financial results have been prepared on the basis of the interim financial statements which are the responsibility of the company's management. Our responsibility is to express an opinion on these financial results based on our audit of such interim financial statements, which have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 (Ind AS 34) for Interim Financial Reporting, prescribed, under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder; or by the Institute of Chartered Accountants of India as applicable and other accounting principles generally accepted in India.

We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatement(s). An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our opinion.

In our opinion and to the best of our information and according to the explanations given to us these quarterly financial results as well as the year to date results:

- i. are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 in this regard: and
- ii. give a true and fair view of the net profit and other financial information for the quarter ended 31st March, 2020 as well as the year to date results for the period from 1st April, 2019 to 31st March, 2020 except in respect of the following matters :
 - a) The company is accounting for Gratuity and Leave encashment on cash basis. This is not in according with Ind AS – 1 on "Presentation of Financial Statement" and Ind AS – 19 on "Employee Benefits" prescribed by the Institute of Chartered Accounting of India and

contrary to provision contained in Section 133 of The Companies Act, 2013. The extent of non-compliance in terms of value is not ascertainable.

- b) Ind AS - 2 for "Inventories" has not been followed. The measurement and valuation methods followed by the Company as regards to inventory are not in accordance with accepted methodology. We are not in a position to quantify the effect of this discrepancy on the profitability and Balance Sheet.

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the accompanying standalone financial statements of **PRATIKSHA CHEMICALS LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March 2020, the statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the 'Basis for Qualified Opinion' section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date

Basis for Qualified Opinion

- i. The company is accounting for Gratuity and Leave encashment on cash basis. This is not in accordance with Ind AS – 1 on "Presentation of Financial Statement" and Ind AS – 19 on "Employee Benefits" prescribed by the Institute of Chartered Accountants of India and contrary to provision contained in Section 133 of The Companies Act, 2013. The extent of non-compliance in terms of value is not ascertainable.
- ii. Ind AS - 2 for "Inventories" has not been followed. The measurement and valuation methods followed by the Company as regards to inventory are not in accordance

with accepted methodology. We are not in a position to quantify the effect of this discrepancy on the profitability and Balance Sheet.

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis on matter

We draw attention to Note No. 22(5) to the standalone financial statements, as regarding management evaluation of COVID-19 impact on the future performance of the company.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matter to be communicated in our report –

1. Key Audit Matter - Utilization of Indirect tax receivables

As at March 31, 2020, balances with revenue authorities amounting to Rs. 11.81 lakhs are pending for reconciliation with individual bifurcation under CGST, SGST and IGST.

Management's responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with Ind AS and other accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the

assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

- d) In our opinion, the aforesaid standalone financial statements subject to the matters mentioned in the 'Basis for Qualified Opinion' para above, comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- The Company does not have any pending litigations which would impact its financial position.
 - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

"ANNEXURE B" REFERRED TO IN THE AUDITORS REPORT TO THE MEMBERS OF PRATIKSHA CHEMICALS LIMITED FOR THE YEAR ENDED 31ST MARCH, 2020

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **PRATIKSHA CHEMICALS LIMITED** ("the Company") as of 31st March, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanation given to us and based on our audit, the following material weaknesses have been identified as at March 31, 2020 :

- a) The Company did not have appropriate internal financial control system for Valuation of Inventories (As disclosed in basis for qualified opinion in our independent audit report).

A 'material weakness' is deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual financial statement will not be prevented or detected on timely basis.

In our opinion, except for the effects/possible effects of the material weaknesses described above on the achievement of the objective of the control criteria, the Company has maintained, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported in determining the nature, timing, and extend of the audit tests applied in our audit of year ended March 31, 2020 financial statements of the Company, and these material weaknesses does not affect our opinion on the financial statements of the Company.

Pratiksha Chemicals Limited

Notes forming part of the financial statements

1. Corporate information

Pratiksha Chemicals Limited was incorporated in the year 1991 as Pratiksha Chemicals Pvt. Ltd. and started the commercial production of Phthalocyanine Pigment Green 7. In the year 1994, Pratiksha Chemicals Pvt. Ltd (CIN L24110GJ1991PLC015507) was changed to a public company and was christened as Pratiksha Chemicals Limited. Currently company is engaged in the manufacturing business of Pigment Green 7 and Copper Phthalocyanine Green Crude.

2. Basis of preparation of financial statements

The financial statements are prepared on going concern basis in accordance with Indian Accounting Standards (Ind-AS) notified under the Companies (Indian Accounting Standards) Rules, 2015.

The financial statements have been prepared under the historical cost convention and on accrual basis, except for certain financial assets and liabilities which have been measured at fair value (Refer accounting policy regarding financial instruments)

The financial statements are presented in INR, except when otherwise indicated.

3. Significant accounting policies

i) Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is classified as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

The company has identified 12 months as its operating cycle.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

ii) Revenue Recognition

Revenue shall be recognised when the entity has transferred to the buyer the significant risk and rewards of ownership of goods, the entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold, the amount of revenue can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the entity, and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Amount due in respect of the claim is recognized as revenue only when there are conditions stipulated in the contracts for such claims are evidenced inter-alia by way of confirmation by the customers.

a) Dividend income

Dividend income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

b) Interest income

For all debt instruments measured at amortized cost and interest-bearing financial assets classified as fair value through other comprehensive income, interest income is recognized using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. Interest income is included in 'finance income' in the statement of profit and loss. Interest income on interest bearing financial assets classified as fair value through profit and loss is shown under other income.

iii) Exceptional items

On certain occasions, size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the company, is such that its disclosure improves an understanding of the performance of the Company. Such income or expense is classified as an exceptional item and accordingly disclosed in the notes to accounts.

iv) Property, Plant and Equipment

Since there is no change in the functional currency, the Company has elected to continue with the carrying value for all of its property, plant and equipment as recognised in its previous GAAP financial statements as deemed cost at the transition date, viz., 1 April, 2015.

Subsequent to initial recognition, property, plant and equipment are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. The carrying amount of the replaced part accounted for as a separate asset previously is derecognized. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss when incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Depreciation on property, plant and equipment is provided on written down value basis as per the rate derived on the basis of useful life and method prescribed under Schedule – II of the Companies Act 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate

v) Intangible Assets:

Since there is no change in the functional currency, the Company has elected to continue with the carrying value for all of its intangible assets as recognised in its previous GAAP financial statements as deemed cost at the transition date, viz., 1 April, 2015

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss.

vi) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses are recognised in the statement of profit and loss.

vii) Taxes on income

a) Current tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date. Current taxes are recognized in profit or loss except to the extent that the tax relates to items recognized in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred tax

Deferred income tax is recognized on all temporary differences which are the differences between the carrying amount of an asset or liability in the statement of financial position and its tax base except when the deferred income tax arises from the initial recognition of an asset or liability that effects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax liabilities are recognized for all taxable temporary differences; and deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, and the carry-forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to

allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date and based on the tax consequence which will follow from the manner in which the Company expects, at financial year end, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax relating to item recognised outside the statement of profit and loss is recognised outside the statement of profit and loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liability and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax (MAT) paid in accordance with tax laws, which give rise to future economic benefits in the form of adjustment of future tax liability, is recognized as an asset only when, based on convincing evidence, it is probable that the future economic benefits associated with it will flow to the Company and the assets can be measured reliably.

vii) Foreign Currency transactions

The Company's financial statements are presented in INR, which is also the company's functional currency. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of transaction.

viii) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and other short term highly liquid investments with an original maturity of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

ix) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. For the

purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares except when the results would be anti-dilutive.

x) Provisions, contingent liabilities and contingent assets

a) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) where, as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made to the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

b) Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation which is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Information on contingent liabilities is disclosed in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote.

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits to the entity. Contingent assets are not recognised in financial statements since this may result in the recognition of income that may never be realised. Contingent assets are disclosed if the inflow of economic benefits is probable.

xi) Leases

For arrangements entered into prior to 1st April, 2015, the Company has determined whether the arrangement contains lease on the basis of facts and circumstances existing on the date of transition.

Operating Lease :

Lease of assets under which all the risks and rewards of ownership are effectively retained by the lesser are classified as operating lease. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term. The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

xii) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial assets

a) Initial recognition and measurement

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. The Company determines the classification of its financial assets at initial recognition. All financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset except for financial assets classified as fair value through profit or loss.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

b) Subsequent measurement

For the purposes of subsequent measurement, financial assets are classified in four categories:

- i) Debt instruments measured at amortised cost
- ii) Debt instruments measured at fair value through other comprehensive income (FVTOCI)
- iii) Debt instruments measured at fair value through profit or loss (FVTPL)
- iv) Equity instruments measured at FVTOCI or FVTPL

Debt instruments

The subsequent measurement of debt instruments depends on their classification. The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

i) Debt instruments measured at amortised cost

Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in the statement of profit and loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

ii) Debt instruments measured at FVTOCI

Debt instruments that are held for collection of contractual cash flows and for selling the financial assets, where the assets cash flows represent solely payment of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses and interest income which are recognised in statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in the OCI is reclassified from equity to statement of profit and loss. Interest income from these financial assets is included in finance income using the effective interest rate method.

iii) Debt instruments measured at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The group has not designated any debt instrument as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

iv) Equity instruments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as FVTPL. The Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all

changes recognized in the statement of profit and Loss.

B. Derecognition of financial assets

A financial asset is derecognised only when

- i) The Company has transferred the rights to receive cash flows from the financial asset or
- ii) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

C. Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- i) Financial assets measured at amortised cost
- ii) Financial assets measured at fair value through other comprehensive income (FVTOCI)

Expected credit losses are measured through a loss allowance at an amount equal to

- i) the twelve months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within twelve after the reporting date) or
- ii) full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

The Company follows 'simplified approach' for impairment loss allowance on trade receivables.

Under the simplified approach, the Company does not track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition, if credit risk has not increased significantly, twelve months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to

recognising impairment loss allowance based on twelve months ECL.

D. Financial liabilities

a) Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. The Company determines the classification of its financial liability at initial recognition. All financial liabilities are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial liability except for financial liabilities classified as fair value through profit or loss.

b) Subsequent measurement

For the purposes of subsequent measurement, financial liabilities are classified in two categories:

- i) Financial liabilities measured at amortised cost
- ii) Financial liabilities measured at FVTPL (fair value through profit or loss)

i) Financial liabilities measured at amortised cost

After initial recognition, financial liabilities are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit and loss.

ii) Financial liabilities measured at fair value through profit or loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Derivatives, including separated embedded derivatives are classified as held for trading unless they are designated as effective hedging instruments. Financial liabilities at fair value through profit or loss are carried in the statement of financial position at fair value with changes in fair value recognized in finance income or finance costs in the statement of profit and loss.

c) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

xii) Fair value measurement

The Company measures financial instruments, such as, investment in debt and equity instruments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 —

Quoted (unadjusted) market prices in active markets for identical assets or liabilities

- Level 2 —

Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

- Level 3 —

Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period

xiii) Inventory

Raw material, Work in progress, and Finish goods shall be measured at the lower of cost or net realizable value. The cost of inventory shall be assigned by using weighted average cost

formula.

The cost of inventories shall comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.
